

**The displaydoorparts.com Fax-In**

**Guide for replacing Anthony, Ardco & DisplayRite door and frame heaters.**

What company manufactures the case you have?

Is your door application low temp (freezer) or normal temp (cooler)?

When was your current door manufactured? *You can find this information between the glass panes on the door.*

How many doors are in your frame line-up? \_\_\_\_\_

Width \_\_\_\_\_

Height \_\_\_\_\_

What are the outside dimensions of your current door?

Do you want replacement door heaters or replacement frame heaters?

Frame Heaters: Do you need to replace all of the frame heaters? Or do you need to replace a top heater/bottom heater/center heater/perimeter heater?

Please locate the following information off of the tag on the trim frame of the door assembly. **Note:** This does not mean the frame around the glass of the door(s).

\*Model# \_\_\_\_\_

\*Serial# \_\_\_\_\_

\_\_\_\_\_
