

Specifications

120 V Units

Input Voltage: 120 VAC, single phase, 60 Hz

High Speed Output Voltage: Same as input voltage

Low Speed Output Voltage: 40 VAC

Maximum Continuous Load: 6 A or 12 A

240 V Units

Input Voltage: 203–240 VAC, single phase, 60 Hz

High Speed Output Voltage: Same as input voltage

Low Speed Output Voltage: 80 VAC

Maximum Continuous Load: 6 A or 12 A

Note: See page 4 for Input Voltage Settings.

Signal Sending Tee

Maximum Load: 3.5 A

Minimum Required Output: 100 mV per attached Frigitek.
