business customers*

ELIGIBILITY

- Customers eligible for the 2004 Express Efficiency program are defined as those commercial, industrial, and agricultural accounts with a monthly demand of 500 kW or less per service account.
- The total rebate limit for the 2004 Express Efficiency program is \$200,000 per account, per fuel, per year. Customers with corporate (multiple) accounts cannot exceed \$200,000 per corporation or chain account customer, per fuel, per year.
- Customers who have reached their \$200,000 limit or whose individual accounts have a monthly demand greater than 500 kW are encouraged to apply to the Standard Performance Contract program (SPC).

REQUIREMENTS

- Rebate items must be installed on the San Diego Gas & Electric electric account listed on the rebate form.
- All purchase invoices or receipts must be dated between January 1, 2004 and December 31, 2004. All rebate items must be purchased and installed prior to submitting a rebate form for a rebate to be considered.
- Rebates cannot be combined with other public goods charge rebate or incentive programs for the same measure.
- Equipment must meet the requirements as stated in the Terms and Conditions. All equipment must be new. Used or rebuilt equipment is not eligible for rebate. Fuel switching and new construction do not qualify. If you have questions, check with your local San Diego Gas & Electric office to confirm eligibility and reserve funds before purchasing products. San Diego Gas & Electric reserves the right to deny payment for products that do not meet our requirements and to verify installation.
- Rebate payments are the property of the applicant (customer). The applicant may assign payment to a third party. A completed payment release form is also required.

- The selection, purchase and ownership of the equipment is the sole responsibility of the customer. San Diego Gas & Electric makes no representation as to the safety, reliability and/or efficiency of the equipment selected or components thereof. San Diego Gas & Electric makes no warranty, whether expressed or implied, including warranty of merchantability or fitness for any particular purpose, use, or application of the equipment.

HOW TO APPLY

1. Reservations are not required for most measures (check Terms and Conditions of each measure). However, to ensure funding availability, you must reserve funds before you purchase and install equipment. Call (800) 644-6133 to reserve your funds.
2. Calculate your rebate by multiplying the Quantity Purchased (Column A) times the Rebate/Unit (Column B) and write the amount in Column C. Your rebate for each product cannot exceed the price you paid for it.
3. Add all the rebate amounts in Column C and write the Base Rebate amount in the space provided at the bottom of the rebate form.
4. On the paid, itemized invoice(s) or receipt(s), circle the energy-saving product(s) for which a rebate is requested and label each one with its category letter. Refer to sample vendor invoice for required information.
5. Fill out and sign the Customer Information page.
6. Attach the original, itemized invoice(s) to your original rebate form and mail to:

Incentives are taxable and if greater than \$600 will be reported to the IRS unless you are exempt. San Diego Gas & Electric will report your rebate as income to you on IRS Form 1099 unless you have checked corporation or exempt tax status above. You are urged to consult your tax advisor concerning the taxability of rebates. San Diego Gas & Electric is not responsible for any taxes that may be imposed on your business as a result of your receipt of this rebate.

Agreement

As a qualified San Diego Gas & Electric customer, I certify that I purchased and installed the indicated energy saving products between January 1, 2004 and December 31, 2004 for use in my business facility and not for resale. I have attached documents establishing paid proof of purchase for the items applied for on this rebate form. I agree to verification by San Diego Gas & Electric of both the sales transactions and products installation, and I certify that the information on this rebate form is true and correct, and that the tax ID provided is accurate. I understand that rebate payments are based on related energy benefits over the life of the product. I agree that if:

1. I do not provide San Diego Gas & Electric with 100% of the related energy benefits specified in the rebate form for the life of the product or for a period of five (5) years from receipt of rebate, whichever is less, or

2. I cease to be a distribution customer of San Diego Gas & Electric during said time period, I shall refund a prorated amount of rebate dollars to San Diego Gas & Electric based on the actual period of time for which I provided the related energy benefits as an electric customer of San Diego Gas & Electric.

I understand that this program may be modified or terminated without prior notice.

I understand that this rebate form and the paid itemized invoice must be received by San Diego Gas & Electric or postmarked no later than December 31, 2004 and that all equipment must be purchased and installed prior to submission of rebate form.

In no case will the utility pay more than 100% of the actual purchase price of the items to be rebated. This program has a limited budget.

If no reservation has been made, rebate forms will be accepted on a first-come, first-served basis, until allocated funds are spent, or by December 31, 2004, whichever comes first.

I agree that I have not received rebates, incentives or services for the same measure(s) from another utility, state, or local program funded by the Public Goods Charge (PGC).

I have read and understand the program requirements and terms and conditions set forth in this rebate form and I agree to abide by those requirements. Furthermore, I concur that I must meet all eligibility criteria in order to be paid under this program.
