Finish Types

NEXEL OFFERS FINISHES DESIGNED TO MEET THE REQUIREMENTS OF A WIDE RANGE OF STORAGE ENVIRONMENTS. EACH PROVIDES EXCEPTIONAL DURABILITY AND LASTING GOOD LOOKS. WHETHER YOUR NEEDS ARE ONE-FOLD OR VARIED, WE OFFER A FINISH THAT WILL COMPLIMENT YOUR WORKING CONDITIONS.

EP SERIES *Attractive And Economically Priced*

EP SERIES finish consists of a silver epoxy powder coat over a rust-inhibiting undercoat. It is NSF listed for both wet and dry applications. This attractive and economically priced finish comes with a three-year warranty against rust and corrosion.

POLY-Z-BRITE™ *TEN YEAR WARRANTY Against Rust*

POLY-Z-BRITE features a true powder-epoxy over zinc-chromate electro-plating that ensures a strong durable finish that resembles the look of chrome, yet handles temperature and moisture extremes even better. Ten year WARRANTY against rust and corrosion. Ideal for dry storage, coolers and freezers.

NEXELON™ *LIFETIME WARRANTY Against Rust*

NEXELON is the top of the line finish. We are so confident about the quality of this revolutionary finish, that it comes with a lifetime WARRANTY against rust formation. Replace stainless steel with NEXELON to increase the life of your storage system and reduce its cost. NEXELON is created by a multi-step proprietary process to become a part of the metal structure. Chemical, acid, abrasion and corrosion resistant. The final layer of 100% pure powder epoxy creates a lustrous deep blue metallic finish. Use throughout facility, handles all environmental conditions.

CHROME *A Brilliant Finish For The High-Tech Look*

CHROME is electro-plated nickel-chrome resulting in a brilliant high gloss finish. It is a quality finish that is both hard and durable with a high tech look at an economical price. This industry standard has proven to be a favorite and perfect for display and dry storage.

STAINLESS STEEL *Excellent Resistance To Rust And Corrosion*

STAINLESS STEEL provides stability and durability with a smooth, attractive, electro-polished finish. Stainless Steel handles all moisture and temperature extremes. It resists rust and corrosion and is ideal for any storage requirements.

LOADMASTER™ *Sleek Appearance At Low Cost*

LOADMASTER is our most cost-effective finish. Gloss Black or White powder epoxy coating is electrostatically applied to steel to create a tough, chip and rust resistant surface. Ideal for inventory storage in wet and dry areas. Allows you affordable quality and a sleek appearance.
